Patrick,

I have uploaded all of the information for Wellington from the pipeline into the permanent database. A report is attached.

It seems like you have included all required samples and parameters for the 3rd quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Merry Christmas  
Thank you,

Good Monday Morning (if there is such a thing) Pam:

Karla noticed this 3rd Quarter data is still in the pipeline, so I thought I'd resend the October 20th email below. Let me know if there's some problem.

Thanks,  
Patrick
